

Ray Mears Goes Walkabout

Packed with facts and a strong sense of tradition, this journey into the heart of Australia is designed to unveil both the natural and cultural landscape of this fantastic continent. Ray Mears presents a bevy of information on Australia's ecology, wildlife, and survival methods common to the continent, as well as the history of and information on the rich indigenous cultures. Tales of exploration and survival are presented alongside insightful wilderness tips, and together they help shape a broad and discerning view of the continent, the people who inhabit it, and their ways of life both past and present.
