

The Family of Adoption: Completely Revised and Updated

Full of wonderful stories that give insight into a wide variety of adoption issues, now revised in light of recent developments, The Family of Adoption is a powerful argument for the right kind of openness in adoption. Joyce Maguire Pavao uses her thirty years of experience as a family and adoption therapist to explain to adoptive parents, birthparents, adult adopted people, and extended family, as well as to those who work with children professionally the developmental stages and challenges one can expect in the life of the adopted person. The Family of Adoption is truly the most insightful and healing book on the adoption shelf.
