

A Quaker Womans Cookbook: The Domestic Cookery of Elizabeth Ellicott Lea, Revised Edition

In this long-awaited paperback edition, food historian William Woys Weaver revises and expands the lengthy material that supplements a reprint of Elizabeth Ellicott Leas 1845 cookbook Domestic Cookery. In his introduction, Weaver reveals new information on Lea, her Quaker world, and her cookbook. A glossary traces the origins and histories of the foods in Leas book, placing them in cultural context. The cookbook is a quintessential example of rural American folk cookery of the nineteenth century, representing a mingling of southern Pennsylvania and Tidewater cuisine. Modern kitchen conversions are included.
