The Secret of Eternal Youth is a book based on the psychology of Rishi Patanjali. It must be read without fail. As you read this book, you will gradually get divine inspiration and light. You must not only read this book five times yourself but should also carry out the divine service of distributing it to others. This book provides moral understanding to the youths and helps them to get rid of their evil sex habits bringing about a divine transformation in their lives. So you too carry out the noble service of distributing this book to 2-5 people without fail. It will be considered a service to the nation and mankind as a whole, nay, to God Himself. What is the highest Penance? What has been eulogized by the sages? What is the source of zeal, prosperity and supernatural powers? What is the prime source of strength & bliss? Brahmacharya. We have great pleasure in placing into the hands of the English language readers this inspiring book, Divine Inspiration - a revised edition of The Secret of Eternal Youth which has been greatly appreciated and widely read by millions of people in its Hindi, Gujarati, Marathi, Tamil, Telugu, Bengali, Oriya and Kannada editions. Up until now, millions of people have seen their degenerated lives touching lofty spiritual heights after coming into contact with Pujyashree, and by following the time-tested yogic techniques and other experiments for protecting ones vigour and virility, as propagated by Him. The dejected youth of today who suffer from dreaded diseases such as loss of semen and wet dreams, have found a great support in the

invigorating and experiential words of Pujyashree, and in His divine guidance. Today's luxurious life which is making its way through a dangerous environment of lust and vulgarity steals away the vigour and the lustre of the society. And it is here that the vivifying guidance of a great personage like Pujyashree becomes all the more imperative for the protection of youths' vigour in the society today. Pujyashree has time and again referred to this pressing problem, and has given infallible remedies for the same in His various satsang discourses. We have made a humble effort to compile these references and remedies to produce this handy book for the benefit of the readers. This book has been designed to fulfil the requirements of every segment and section of society. Be the person a man or a woman, a householder or an ascetic, a student or even an old man, everyone would find this booklet extremely helpful in one's life. This book abounds in ideas and suggestions regarding how to mould one's life-style in order to have a propitious touch of divinity and everlasting youthful vigour. And the most remarkable fact about this book is that it contains the dynamic experiential words of Pujyashree, who is Himself an accomplished yogi and very well acquainted with the different experiments of yoga. And the very fact simply multiplies the influence that this book has on its readers. Divine Inspiration amply illuminates the path of protecting one's youthful vigour, and opens the doorway to a divine life. Do utilize this book to your full benefit, and don't forget to earn merits by distributing it among others for them to benefit from it as well.
