

## Crazy Cooks & Gold Miners

This book is a delight. It not only paints scene after scene of life in the Yukon, but it also reveals Joyce Yardleys love of adventure, and what it was like to be married at 16 to Gordon Yardley, an engaging and thoroughly professional northern jack-of-all-trades. Together they ranched, fixed airplanes, logged, built and operated a northern lodge, and raised their kids. But these were just a few of their adventures - all of them loaded with challenge and excitement.
