

Hypnosis 8 Hour Sleep Cycle with Positive Thinking Booster (The Sleep Learning System)

Ready to be happy? Ready to feel positive and motivated? Now is the time to create a mindset for positive thinking! The 8 Hour Sleep Cycle with Positive Thinking Booster is a soothing and incredible new program that works with your sleep cycle to relax and rejuvenate your body, and help remove limiting beliefs, self-doubt, and emotional blocks during your REM cycle, and will help you create positive, empowering self-beliefs and ways of thinking. Live a life of joy! Powerful benefits of this 8 Hour program include: - Positive thinking - Increased confidence and self-esteem - Create empowering beliefs about yourself and life - Increased focus and motivation - Less anxiety and stress - Deeper relaxation for your body and mind - Deep, restful sleep through the night - Natural energy throughout your day - Wake in the morning feeling rejuvenated and energized The following program is in a script format that can be used in several ways. You may use it as a resource or reference. This is also a helpful tool for if you're interested in recording a hypnosis session for personal use only. You can tailor the script as you go based on what works for you personally. Sleep learning takes place when your mind is at rest and the subconscious is open to positive suggestions. It's an easy way of both learning and breaking bad habits while you sleep through the night.
