

Strange and Mysterious Archaeology of the United States of America

Ever wonder if the United States or at least the territory that it covers, along with Canada and the Caribbean, had a totally different history than that taught in the general classroom. Read of large cities and pyramids. Strange forts and strongholds. Weird geological facts and terrifying cometary and meteoric events remembered by American Indians. Discover Roman explorers on the Ohio River, possibly even Roman forts. Find technology that was not meant to exist and legends from the dawn of time. Wondering what happened to the Woolly Mammoth and the last Ice Age? Come and google your way through as you rediscover a world in hiding.
