

Dare to be happy! Experience the wonder and the magic of being you -- of just being alive -- in this refreshing and uplifting presentation from Americas favorite teacher on living and loving. In Celebrate Life! Leo Buscaglia tells you how to enjoy this greatest of all gifts. Just as a teacher cannot teach what he has not already learned, so we cannot give or receive love until we first learn to foster it inside ourselves. In Celebrate Life! Leo Buscaglia shows you the path towards the self-love you need to truly love others, and gives answers to many questions on life and love over which we have all struggled. Leos inspiring advice will help you say Yes! to life, and: Discover why you shouldnt be afraid of loneliness Learn how to take charge of your future Express your feelings more openly Listen to Celebrate Life! and let yourself take a chance at loving -- and living -- today!
