

# Leadership in Education, Corrections and Law Enforcement: A Commitment to Ethics, Equity and Excellence (Advances in Educational Administration)

Leadership in Education, Corrections and Law Enforcement: A Commitment to Ethics, Equity and Excellence fills a unique gap in the knowledge base - the juncture between leadership, ethics, law, and how public institutions/organizations understand and practice the essence of all three. Authors from law enforcement, corrections education, and educational leadership present different yet overlapping constructs around ethics and law, and make an important step towards reconciling these differing views to demonstrate the significance of collaboration and partnerships for a common purpose.
