

Ancient Ideals in Modern Masonry: Theosophical Classics

Prolific writer and member of the Theosophical Society, describes his personal journey through the Masonic fraternity, as a co-mason. He explains his shock with the familiarity of the lodge room, as he recalled it exactly from a past life in ancient Egypt. He proceeds to compare the modern masonic ritual with ancient Egyptian mysteries, which he clearly remembers. He explains that the fraternity purposely pretended to be operative masons, to avoid persecution from the Church, who were otherwise suspicious of Secret Societies, and that Freemasonry is merely a relic of an age-old Egyptian mystery cult.
