

**PRIORITIES: Choosing an Ideal Life** is the true story about the difference one person can make in other people's lives by sharing the promise of a strong relationship with God. On the surface, it is the story of a rich man who lived his life considering that the treasure in his life was money—until a fateful confrontation at a gas station with Jean d'Or makes him wonder how he can change his life for the better. The story begins simply enough. Both Jean d'Or and James are heading for the same gas pump, but James cuts the other man off. Rather than start a scene, Jean d'Or waits his turn. As James is getting back into his vehicle, unbeknownst to him, an envelope containing \$20,000 falls under his car, and he drives away. Jean d'Or picks it up, realizes what it contains, and chases after James. When they finally meet, James is once again rude, wondering why this person has followed him. When he discovers the reason, he contritely offers Jean d'Or a reward, which is refused on the basis that he is a Christian. Intrigued, James asks if they can meet again. What happens next is an inspiring story of the difference that God can make in our lives. **PRIORITIES: Choosing an Ideal Life** is a powerful story of God, friendship, and the power that faith can bring to all who believe.
