

Million Dollar Habits: 12 Power Practices to Double and Triple Your Income

Million Dollar Habits is the result of Brian Tracy's work with many thousands of men and women, in every industry, worldwide, who have gone from rags to riches in one generation. In Million Dollar Habits, Tracy identifies the critical habits and behaviors that virtually guarantee greater success and happiness for anyone, anywhere, in any area of endeavor. Tracy shows the reader how to: Set and achieve goals faster and easier than ever thought possible. Organize their life and manage their time effectively for maximum productivity and performance. Increase income, reduce expenses and achieve financial independence. Tap into and unleash more potential for successful living.

Eliminate fears, doubts and negative emotions that can hold them back. Unlock the powers of their subconscious and super-conscious minds for goal attainment. Increase self-confidence and become absolutely unstoppable. Million Dollar Habits provides a proven, practical roadmap to follow to achieve every goal that a person can imagine for himself, and while doing so become an extraordinary human being.
