

My Success Journal (Adults): Adult Curriculum

The complete teen and adults curriculum of Team Karate Center in Woodland Hills, CA. The primary purpose of this book is to improve the learning experience of students who are training at Team Karate Center. Since this book contains a full listing of the curriculum items at each of our White through 1st Degree Black belt levels, other instructors and schools could use this as a template or model for defining and producing an organized listing of their own curriculum or producing a Success Journal for their curriculum. This book should NOT be used as a student self-study guide, as it does not contain level of curriculum item detail necessary for students to independently achieve a meaningful level of understanding and proficiency.
