

Pilgrim Spokes: Cycling East Across America (Cycling Reflections)

SERIES: Cycling Reflections, Book Two
A cross-country bicycle adventure is the canvas for this tale of discovery along the winding backroads of Americas heartland. The second book in the Cycling Reflections series, Pilgrim Spokes tells the story of the eastern half of the trans-American trek, continuing the saga begun in Neils award-winning previous book--Pilgrim Wheels--which reconnoiters the western half of the journey. More than just a journal of a bike ride across the country, Hansons delightful and beautifully written story takes the reader on an engaging pilgrimage of observation and reflection. Often hilarious, sometimes poignant, and always inspiring, its a must-read adventure that will stir your soul.
