

The Way I See It. Me And Them.

My website, <http://thewayiseeitmeandthemwwwamazoncouketerpassarelli.yolasite.com/> Visit my facebook, just type in Peter Passarelli, my email peterapass@yahoo.co.uk The Way I See It. Me And Them; Is a christian humour book, warning, contains some anti-darwinist humour, lol... This book has a funny tell it how it is style. It'll change the way you see the world, and challenge your own ideas and perceptions along the way. I've written this my way, without it being polluted by the world. A lot of authors write to be popular, sticking to political correctness and agreeing with current trends etc... Not me, I'm sure you'll love my book, with its dry sense of humour, and sticking to the chapters topic style. It's original, and set out in small easy to read chapters. This book is different, because its humour is stuff that everyone can relate to. Crazy car salesman wearing mickey mouse masks are a reality, trust me, aha, I'm mickey, aha! As are teenagers escaping driving, by hopping on hot air balloons. Not to mention fart enthusiasts, and the dreaded alltheists. And how about the tentacle yielding octopus check out girls you get in supermarkets these days? Hmm? Antlers sticking out of shoppers heads, as a result of not knowing what goes in our food and drink, isn't funny. Neither is getting so fat, that you roll down into town where you live, only for the police to open fire... The perils of watching too much t.v. is widespread, excuse the pun. Why do emo and scene kids wear colourful clothes? And why do chavs wear tracksuits, and wear burberry? Plus goths with their make-up, heavy metal and screaming, I guessed because of the failure of the government, and entertainment industry. I know punks have long colourful hair, because of financial stress, well, that and hair dye. And learn why you're a part of a conspiracy, if you own a Nintendo Wii or X-box kinect... I'm a successful self published

author, who believes that Amazon Kindle is amazing. Now you can enjoy this great witty book, dripping with satire, on your kindle in minutes. The way I see it, if you like to smile as you read, you can't go wrong with this ha, ha... Ahem, excuse me. My favourite quote out of my chapter, The Struggle, Graffiti artists are talented individuals, capable of beautiful art and drawings, the best ones always use primer apparently cuz it'll last longer. Some of these artists turn their deft skilled hands, to spray paint a better community. Along walls they spray, respect da community, pick up ya litter and recycle you \$*&\$%?! Turn ya light bulbs off at night, and don't let the bed bugs bite ya. Hmm...
