

The Beast

A gripping and original new young adult book set to become a monster hit. In the caged depths of an urban reservoir lives a monstrous creature. Its existence is unknown to anyone except the teenage boy who feeds it. Six years ago it was a vicious little baby, now it has grown enormous, and its rusting pen cant hold it much longer. Stephen has kept the Beast a secret against all the odds. Hes got other painful secrets - like why he never sees his mother, or mentions his brother, Selby, and wishes his father was dead. Stephens life in foster care - always bad - is getting worse, and hes not a boy who plays by the rules. But his extraordinary efforts to free himself of the Beast make him a hero that readers will never forget. This thrilling teenage novel, which presents physical and psychological danger with masterful skill, and human relationships with warmth and wit, launches the career of an outstanding new writer.
