

Rapid Midwifery

A concise, pocket-sized, rapid reference handbook on all key areas of midwifery, aimed at students and newly qualified staff.

Covers a broad range of midwifery topics which are mapped against the 6Cs essential to compassionate midwifery care. Each section is structured around the key criteria used in midwifery examinations. Bite-sized information supported by the latest evidence-base, making it the perfect revision tool for OSCEs and written examinations. Every chapter includes key points, essentials of midwifery care, professional accountability, and links to further resources.
