

The Jewish Manifesto: How Judaism Can Revolutionize Your Life and Afterlife

The result of decades of research, The Jewish Manifesto includes irrefutable proof of the divine authorship of the Torah based on hard evidence, a devastating critique of atheism and evolution, a plausible reconciliation of Genesis and science and brief, clear comments about many controversial topics such as circumcision, feminism, gay rights, Lubavitch, Hassidim, etc. The Jewish Manifesto is clearer, more concise and more accurate than other similar books currently available. This book is written for the Internet generation of Jews who can instantly fact check any assertions made by a rabbi.
