

Legacy of the Empress

Evil is Coming... A dark magic spreads through the kingdom of Taleria, feeding off its people. The queen is corrupted, seduced by its evil promise. Princess Astrid, held prisoner in the castle by her mother for years, discovers a book of magic, and uses its power to escape. The only way to save Taleria is to free the Empress of legend who banished the same dark magic centuries before. Astrid doesn't know the first thing about being a hero, much less journeying to the Crystal Fortress where the old woman is imprisoned. She's never been outside her mother's grasp, and now the queen's spies are hot on her heels. Beautiful creatures twisted into monsters, uncertain allies, and the deadly mystery of the book she possesses are the least of Astrid's concerns. As she faces the darkness before her, she discovers that saving the land she loves may ultimately mean watching it burn. Rebecca Knight's writing is flawless and captivating. Author Stephanie Campbell Knight tells an amazing story. Simple as that. Author Samantha Warren
