

The Apprentice - A Treatise on the First Degree of Freemasonry

More an explainer of the secrets, symbols and mythology of Freemasonry, The Apprentice - a Treatise on the First Degree of Freemasonry, is an introduction into the forgotten ideas behind the making of a mason. This work explores the symbolism of that ritual journey from the perspective of what it means to be initiated. In that telling it draws parallels with occult secrets of the tarot, traditions of the kabbalah and the esoteric connections it has with the Hermetic Tradition. The Apprentice is a book about the fundamentals of becoming a Freemason by illustrating and explaining the secrets behind its science and philosophy..:
