Featured on DRAGONS DEN! ET Canada, CityLine, BT, Hello! Canada and many more ... I hope you enjoy this Kindle Edition of my cookbook! Thanks to Preston Squire Publishing for converting the files & keeping a lot of the design elements and feel of the original Trade Paperback Book! Erin Bolger My Name Is Earl meets Sex and the City meets Grandmas Cookie Jar. Yep, that's The Happy Baker book in a nutshell, possibly with a little Golden Girls thrown in ... think Rose Nyland. The Happy Baker book is a collection of recipes most of which are unique to Erin Bolger aka The Happy Bakers rural upbringing, matched with her own personal dating memories. The memoir vignettes are singularly her own, but are at the same time very relatable. Sometimes, it's nice to know you weren't the only one to make out with a long-haired rocker in the middle of a cornfield, with bangs the size of Oklahoma!
