

The Woodcraft Supplementary Reader for Schools

This early work by Owen Jones was originally published in 1912 and is now proudly republished with a new introductory biography of the author. The Woodcraft Supplementary Reader For Schools is a comprehensive instruction manual pertaining to the art of the woodsman, written as an instruction aid to be used within the classroom. Contained herein is a wealth of timeless information on such topics as how to read tracks, makeshift meals, weather lore, and other information for living in the wild that is as useful today as it was at the time of its initial publication. Owen Jones (1809-1874) was an Welsh architect who was born in England. This text has been chosen for republication due to its educational value, immortalised in this form in the hopes that its contents can be studied and taught for years to come.
